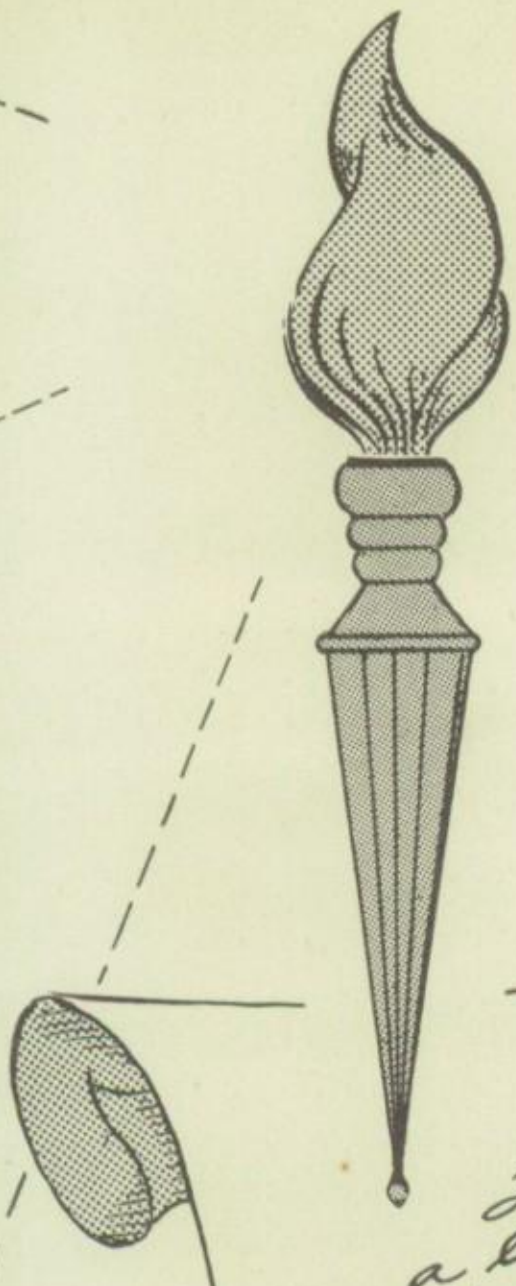
Foreword



The Clansman portrays in a limited number of pages the joys and disappointments experienced in a ordinarily high school year.

We have endeavored to give students a yearbook that will be treasured through the years as well as a joy for the present. It is the sincere hope of the staff that you will find this volume a true representation of this school year of 1947 and 1948 — the year which brings down the curtain on high school days in the building which has been home to us since 1924.
